The Policies of Insurance must be effected in the name and on behalf of the East India Company, as the Parties interested, or endorsed to their order; but persons desirous of effecting the necessary Insurance in this Country, and of depositing the Policies in the Company's Treasury, will be allowed to do so.

5th.—In case of default being made either in acceptance, or payment of the Bills, the Court of Directors to be authorized, in such manner and at such times as they may see fit to sell the Goods, for the purpose of re-paying the Company the amount of the Advances made thereon, including Freight and any other charges or expenses which the Company may have incurred on account of the Consignment, together with interest, should any have accrued; the Company, on the other hand, allowing discount, where any part of the proceeds shall be realized before the Bills fall due, and the settlement of either surplus or deficiency shall be made with the Consignor; and if in India or China by the Government or Agents from whom he received the Advance, at the rate of exchange at which the Company may at the time be drawing Bills upon such Government or Agents.

The Consignor shall be at liberty to make provision, in case of the Party upon whom the Bill is drawn, (being also the Agent) having failed to accept the Bill, for the substitution of another Agent.

7th.—After the arrival of the Goods in England and when they shall have been placed in such deposit as may have been agreed upon, the Agent may be put into possession of them before the Bills become due, upon the amount of such Bills (less discount) being paid, together with the Freight and any other charges and expenses which the Company have paid or may be subject to on account of the Goods.

8th.—The rate of Discount to be allowed by the Company shall be the same as that charged by the Bank of England; and in cases where interest shall have accrued, such interest shall be computed at the rate or rates per cent. at which the Company have allowed Discount during the period for which such interest is chargeable.

rectors, according to a form which will be furnished by the Officers of Government (or authorized Agents of the East India Company), signifying their assent to all the foregoing conditions, but more particularly for the purpose of expressly authorizing the sale of the Goods by the Company (without either notice to or concurrence of any person whomsoever) at any period after default shall be made either in acceptance or payments of the Bills; also authorizing, in such cases, the re-paying to the Company the Advances made, either principal or interest, together with any other charges or expenses which the Company may have incurred in respect of the Goods, and appointing the Agent in England for each transaction.

Second.—Letters and Newspapers addressed to France, as well as those to other foreign countries, with which France is the channel of communication (if the latter are expressly directed to be so sent) will be made up in Packets and sent to the French Post Master at Marseilles; but Letters for Foreign Countries, other than France, if not specially directed to France, will be included in the Packets for England. Letters, &c., for places lying between Bom-bay and Marseilles, will be despatched in separate Packets.

The Policies of Insurance must be effected in the name and on behalf of the East India Company, as the Parties interested, or endorsed to their order; but persons desirous of effecting the necessary Insurance in this Country, and of depositing the Policies in the Company's Treasury, will be allowed to do so.

5th.—In case of default being made either in acceptance, or payment of the Bill, the Court of Directors to be authorized, in such manner and at such times as they may see fit to sell the Goods, for the purpose of re-paying the Company the amount of the Advances and expenses which the Company may have incurred on account of the Consignment, together with interest, should any have accrued; the Company, on the other hand, allowing discount, where any part of the proceeds shall be realized before the Bills fall due, and the settlement of either surplus or deficiency shall be made with the Consignor; and if in India or China by the Government or Agents from whom he received the Advance, at the rate of exchange at which the Company may at the time be drawing Bills upon such Government or Agents.

6th.—An Agent in England shall be appointed for each Consignment, to whom the Court of Directors shall be empowered to make over the Goods, subject to all the conditions agreed upon with the Company, on payment of the Bills; and with whom they shall be authorized to transact generally all business relating to such Goods. The Consignor shall be at liberty to make provision, in case of the Party upon whom the Bill is drawn, (being also the Agent) having failed to accept the Bill, for the substitution of another Agent.

7th.—After the arrival of the Goods in England and when they shall have been placed in such deposit as may have been agreed upon, the Agent may be put into possession of them before the Bills become due, upon the amount of such Bills (less discount) being paid, together with the Freight and any other charges and expenses which the Company have paid or may be subject to on account of the Goods.

8th.—The rate of Discount to be allowed by the Company shall be the same as that charged by the Bank of England; and in cases where interest shall have accrued, such interest shall be computed at the rate or rates per cent. at which the Company have allowed Discount during the period for which such interest is chargeable.

9th.—Parties or their Agents will be required to insure the Goods from fire, and deposit the Policies with the East India Company; such Insurance to take effect from the date of the termination of the Sea risk. 10th.—Parties receiving Advances, to address in each instance a Letter in quadruplicate to the Court of Di-

renters, according to a form which will be furnished by the Officers of Government (or authorized Agents of the East India Company), signifying their assent to all the foregoing conditions, but more particularly for the purpose of expressly authorizing the sale of the Goods by the Company (without either notice to or concurrence of any person whomsoever) at any period after default shall be made either in acceptance or payments of the Bill; also authorizing, in such cases, the re-paying to the Company the Advances made, either principal or interest, together with any other charges or expenses which the Company may have incurred in respect of the Goods, and appointing the Agent in England for each transaction.

Extract of a Despatch from the Hon'ble the Court of Directors to the Financial Department, dated the 17th August, No. 13 of 1838.

5.—In future we desire that you will restrict your Advances to the great staple Articles of Indian Produce, Cotton, Silk, Sugar, Coffee, Indigo, Salt Peter and Piece Goods—and further that no Advances be made upon any Consignment the ascertained value of which shall be less than 5,000 Rupees.

THE numerous communications which have been addressed to Captain Grindlay from all parts of India, conveying the most flattering approbation of the manner in which his duties to his constituents have hitherto been performed, and the most cordial assurances of support to the new Firm, commenced in November, 1838, are felt by him to call for a public expression of gratitude.

In thus offering his thanks for the extensive and honorable patronage long afforded to the Establishment under his sole management, and now so kindly promised to the Firm of GRINDLAY, CHRISTIAN AND MATTHEWS, he begs to assure his numerous friends and well wishers, that the efforts of himself and his partners will be unremittingly directed to merit the continued confidence reposed in them by the various branches of the Indian community, both at home and abroad.

The high character attained by the Establishment under his superintendence has been the result of many years' perseverance,—its pretensions were tested by experience, and the value of the facilities which it afforded for the dispatch of business, tried and vouch- ed for by a large proportion of those whose engage- ments led them to India. It is acknowledged with pride, that success followed exertion, and the means have thus been obtained of increasing the resources of the Establishment and greatly enlarging the circle of its usefulness.

In conclusion, Messrs. GRINDLAY, CHRISTIAN AND MATTHEWS have only to remind their Sub- scribers and the Public at large, that they continue to transact every description of business connected with India and the Colonies.

LEGISLATIVE DEPARTMENT,
THE 19th OCTOBER, 1840.

The following Draft of a proposed Act was read in Council for the first time on the 19th of October 1840.

ACT No. — 1840.

An Act for the better protection of the Abkaree Revenue.

I. Whereas it has been found necessary, with a view to make better provision for the protection of the Abkaree Revenue than is afforded by the existing system of management, to place the superintendence of certain Districts in a separate Commissioner acting under the direction and control of the Board of Customs, Salt and Opium, and it is required to make provision by law for the extension and improvement of this system of management within the Presidency of Fort William in Bengal:—

It is hereby enacted, that whenever a Commissioner or Commissioners shall be appointed by the Governor of Bengal, or by the Governor or Lieutenant Governor of the N. W. Provinces, with the sanction of the Government of India, for the superintendence of the Abkaree Revenue, such Commissioner or Commissioners shall exercise within such Districts as may be assigned and prescribed from time to time by the said Governor or Lieutenant Governor the powers, authority and jurisdiction vested by the Regulations and Acts of the Government in Commissioners of the Land Revenue in all matters appertaining to the Abkaree Revenue.

II. And it is hereby enacted, that within the Districts so assigned to such Commissioner or Commissioners, the Governor or Governor or Lieutenant Governor of the N. W. Provinces may appoint any duly qualified persons not being of the description specially provided for in Section XXXI. Regulation V. 1836, to be Superintendents of the Abkaree Revenue; and to vest them with the charge and management of the Abkaree Revenue under the orders of the said Commissioner within such local

limits as to him may seem fit, and the persons so appointed shall exercise all the powers of Collectors in regard to this Revenue, excepting the adjudication of cases of contravention of the Laws relating to Abkaree.

III. And it is hereby enacted, that it shall be competent for the Governor of Bengal to vest any person appointed under the foregoing Clause to the charge and superintendence of the Abkaree Revenue with the power of adjudicating cases of contravention of the Abkaree Laws, in addition to the powers attaching to the office of Superintendent of Abkaree Revenue in the District or Districts assigned to him—provided that no such Superintendent when so vested with the powers of adjudication shall sentence any person to a fine exceeding 200 Rupees, or to imprisonment for a term exceeding 3 months, except for a second offence under Section XVII. of this Act.

IV. And it is hereby enacted that the warrant of any Officer authorized, or specially appointed, to adjudicate cases of contravention of the Abkaree Laws certifying the conviction of any individual, with a specification of the offence proved and penalty adjudged, shall be authority for the levying of any fine imposed, as therein specified, and for the detention of the person therein described in the Civil Jail of the District as may be therein prescribed,—provided always that it shall be competent to the Commissioner, upon appeal by the parties concerned, or of his own motion, to call for the papers and revise the proceedings in any case decided by such Superintendent, and to alter or reverse the judgment passed thereon, and a like power shall be possessed and exercised by the Board of Customs, Salt and Opium, or by any other Board possessing like authority whenever they think proper.

V. And it is hereby enacted, that any Officer employed in the Abkaree Department above the rank of Jamadar of Peons, who shall receive information that any person without a license is engaged in the manufacture of fermented or spirituous liquors, or in the preparation of intoxicating drugs, or has on his premises fermented or spirituous liquors or intoxicating drugs in such quantity as may render such person liable to the suspicion of secretly and illicitly trafficking in such articles, shall and is hereby authorized and required to take the deposition of the informer in writing, and if the information so given shall appear credible, so as to justify such proceeding, it shall further be competent to such Officer to enter and search such premises as may be declared by the informer to contain the illicit articles specified in his deposition, and to seize all illicit stills and materials of the kind used in manufacturing liquors and preparing drugs as well as all fermented or spirituous liquors, or intoxicating drugs, and to arrest the owner or occupant of the premises, together with all parties concerned in the transaction who may be found on the premises.

VI. And it is hereby enacted, that except in cases already provided for by Section XVIII Regulation VII of 1824; if any person or persons shall by threats or violence prevent the lawful arrest of any person by an Officer duly authorized to seize illicit stills, fermented or spirituous liquors, or intoxicating drugs and materials for the manufacture of the same, or shall procure by unlawful means his release after arrest, or shall obstruct any Officer duly authorized in making search for or seizure of any of the above mentioned illicit articles, or shall remove such articles after seizure, or if the party found with any such illicit articles in possession, or any other person or persons shall resist such Officer in the execution of a legal process, such person or persons shall severally and respectively be liable on conviction before a Magistrate, to be sentenced for the same to pay a fine not exceeding 500 Rupees, commutable, if not paid, to imprisonment for a term not exceeding six months, provided that such person or persons shall be further liable, in the event of an affray or breach of the peace occurring, in consequence of his or their resistance, on conviction of the same before a competent tribunal to such punishment as is prescribed in the general rules applicable to cases of affray and breach of the peace in addition to the penalties above prescribed for the resistance of process.

VII. And it is hereby enacted in modification of Clause 4, Section XXII Regulation X of 1818 of the Bengal Code, that if any person shall wilfully and knowingly sell, or be concerned in the sale of, or have in his possession, or be concerned in the possession of, any illicit stills, or fermented or spirituous liquors, or intoxicating drugs or materials

and drugs in any premises, and so procure that such premises shall be searched to the injury and vexation of the owners thereof, or of any other person or persons whatsoever, such false informer shall, on conviction of the offence before any Magistrate, besides being subject to any other penalties or damages (to which he would be subject) under the general law, be liable to imprisonment with or without labor for a term not exceeding two years, and to fine not exceeding 500 Rupees, commutable to a further term of six months if not paid.

VIII. And it is hereby enacted, that whenever any Officer of the Abkaree Department duly authorized under Section V of this Act shall arrest any person charged with an infraction of the Laws for the protection of the Abkaree Revenue, or shall seize any still or fermented or spirituous liquors or intoxicating drugs, or enter any premises for the purpose of searching for such illicit articles, he shall make a full report of all the particulars of such arrest or seizure or search to his official superior, within twenty-four hours after the transaction has occurred.

IX. And it is hereby enacted, that whenever any person may be arrested by an Officer employed in the Abkaree Department or by any other Officer of other Departments duly empowered to make seizure of illicit stills or spirituous liquors, or intoxicating drugs, or materials prepared for the purpose of manufacturing spirituous liquors or intoxicating drugs, the person making the arrest shall be bound to carry the party arrested with all convenient despatch to the Officer of the Department who may be competent to try the case, and no person so arrested shall be released until the case shall have been brought to judgment in the manner provided by Law.

X. And it is hereby enacted, that any Officer who shall neglect to report all the particulars of an arrest, seizure, or search within 24 hours after the transaction has occurred, or who shall delay carrying the person arrested to the proper Officer with all convenient despatch, or who shall release or connive at the escape of the person arrested shall be liable, on conviction, to dismissal from his situation, and to pay a fine not exceeding 200 Rupees, and to imprisonment for a term not exceeding three months, and in case of non-payment of the fine, to further imprisonment not exceeding three months, and the sentence shall be adjudged by any Officer competent to adjudicate cases of contravention of the Abkaree Laws.

XI. IT is hereby notified for general information—

First.—That all Letters and Newspapers, except Soldiers' and Sailors' Letters, intended for transmission by the Overland Mails, and except those specially marked "via Falmouth," will be sent through France, and thus be subject to the heavier rate of postage.

Second.—Letters and Newspapers addressed to France, as well as those to other foreign countries, with which France is the channel of communication (if the latter are expressly directed to be so sent) will be made up in Packets and sent to the French Post Master at Marseilles; but Letters for Foreign Countries, other than France, if not specially directed to France, will be included in the Packets for England. Letters, &c., for places lying between Bona-bay and Marseilles, will be despatched in separate Packets.

Third.—Letters for the United Kingdom of Great Britain, weighing less than a quarter of an ounce, and passing through France, are charged single postage, which by that route amounts to 2s. 8d. Newspapers, if sent via Falmouth, are free of postage; but if transmitted by the way of Marseilles, they are charged 2d. each.

Act for the registering of British Vessels. Ships or Vessels built in any Ports in the Territories under the Government of the said Company, being owned by British Subjects, and being registered in manner therein provided for, are entitled to all the Privileges and Advantages of a British registered Ship; but it is expedient further to regulate the Trade of Ships built and trading within the Limits of the East India Company's Charter, including the Cape of Good Hope and the Territories and Dependencies thereof, and in the meantime to restore to the Ships or Vessels so described as aforesaid in the said recited Act of the Fifty-fifth Year of King George the Third the Enjoyment of the Privileges to which they were thereby entitled; and it is fit that Indemnity should be afforded in respect of the Consequences of the Repeal of such Privileges by the said Acts of the Fourth Year of King George the Fourth, or either of them: Be it therefore enacted by the Queen's most Excellent Majesty, by and with the Advice and Consent of the Lords Spiritual and Temporal, and Commons, in this present Parliament assembled, and by the Authority of the same, That in the meantime and until such Declaration by Proclamation shall be made by the Governor General in Council as hereinafter is authorized, as well all Ships mentioned in the said Enactment contained in the said first-recited Act of King William the Fourth, as also all other Ships or Vessels so as aforesaid described in the said Act of the Fifty-fifth Year of the Reign of King George the Third, shall have and enjoy the same Privileges as were thereby given to such Ships or Vessels.

This Act to have the same Force as 55 Geo. 3. c. 116.

II. And be it enacted, That for all Purposes of Indemnity and Discharge from all Actions, Suits, Prosecutions, Penalties, Forfeitures, Disabilities, or Impediments, and for all Purposes of confirming and giving Validity to all Sales, Assignments, Mortgages, Contracts, Engagements, Bonds, Policies of Assurance, Gifts, Bequests, Rights, Titles, Interests, Matters, and Things whatsoever, which but for the said recited Repeal of the said Privileges would have been valid and effectual in Law, and for all other beneficial Purposes whatever, this Act shall have the same Force and Effect as if the said Act of the Fifty-fifth Year of the Reign of King George the Third had never been repealed.

Governor General enabled to declare what Ships shall be considered as British.

III. And be it enacted, That it shall be lawful for the Governor General of India in Council, by Proclamation, to declare that all Ships or Vessels built or to be built within the Limits of the Charter of the East India Company, being owned by Her Majesty's Subjects for whom the said Governor General in Council has Power to legislate, and belonging, under the Regulations herein-after provided for, to any Ports in the Territories under the Government of the said Company, shall be deemed to be British Ships for all the Purposes of Trade within the said Limits, including the Cape of Good Hope and the Territories and Dependencies thereof; provided that upon such Declaration being made the said Governor General in Council shall, and the said Governor General in Council is hereby accordingly empowered to make Regulations, to be enforced by suitable Penalties, concerning the registering, licensing, and ascertaining the Admeasurement of the Tonnage and Burden, and generally for the Trading within the Limits aforesaid of such Ships or Vessels, any thing in any Act to the contrary notwithstanding; which Regulations shall be of equal Force and Effect with any Laws and Regulations which the said Governor General in Council is authorized to make, but shall be subject to Disallowance and Repeal, and shall in the same Manner be transmitted to England, and be laid before both Houses of Parliament, as in the Case of any other Laws or Regulations which the said Governor General in Council is now by Law empowered to make.

Ships belonging to Native Powers may be admitted to Privileges of British Ships.

IV. And whereas it may be expedient to admit to similar Privileges and Advantages any Ships or Vessels belonging to Native Princes or States in subordinate Alliance with or having subsidiary Treaties with the East India Company, or owned by Subjects of any such Princes or States; be it therefore enacted, That the Governor General of India in Council may by such Regulations as aforesaid, such Regulations being subject as aforesaid, admit to the Privileges and Advantages of British Ships, for the Purposes of Trade within the Limits of the Charter of the said Company, including the Cape of Good Hope and the Territories and Dependencies thereof, or to any of such Privileges and Advantages, any Ships or Vessels belonging to such Princes or States or any of them, or owned by Subjects of any such Princes or States; but any such Regulations shall provide for the granting to such Ships or Vessels fit and convenient Licences or Passes, and generally for the Trading within the Limits aforesaid of such Ships or Vessels.

Giving legal Validity to Acts of Governors of Presidencies for regulating Trade.

V. And whereas Vessels exceeding the Burden of Three hundred and fifty Tons, built in Ports within the Limits of the East India Company's Charter since the First day of January One thousand eight hundred and sixteen, and owned by British Subjects, and Vessels built in Ports within the Limits aforesaid, owned by Native Princes or States in subordinate Alliance with or having subsidiary Treaties with the East India Company, or by the Subjects of such Princes or States, may have heretofore engaged and may be now engaged in Trade within such Limits, under some Licence, Authority, or Sanction of the respective Governments of the several Presidencies in India; and it is expedient that full legal Validity and Effect should be given to all Acts of the said Government respectively in reference to any Trading; be it therefore enacted, That all Acts and Documents whatever, done, given, or issued by any of the said Governments in reference to the Trading of the Two Classes of Vessels last herein-before mentioned, shall be deemed and construed to have had for all Purposes full legal Validity and Effect from the respective Times when such Acts and Documents may have been done, given, or issued respectively, and shall for all Purposes continue to have such Validity and Effect until the Governor General of India in Council shall make other Provisions in respect of the trading of such Classes of Vessels respectively under the Authority of this Act.

Provisions of Act for registering British Vessels to have full force in East Indian Territories.

VI. And whereas Doubts have been entertained whether the Provisions and Remedies enacted and contained in an Act passed in the Session held in the Third and Fourth Years of the Reign of His late Majesty King William the Fourth, entitled *An Act for the registering of British Vessels*, in Cases of the wilful Detention and Refusal to deliver up the Certificate of the Registry of any Ship or Vessel to the proper Officer or other Persons authorized and entitled in that Behalf, as in the said last-mentioned Act is specified, extend to and are in force in the Territories under the Government of the *East India Company*; and it is expedient that such Doubts should be removed; be it therefore declared and enacted, That the said several Provisions and Remedies in the said last-mentioned Act contained touching the wilful Detention of such Certificate of Registry, or the absconding of any Person in Possession of the same, shall be deemed and taken to extend to, and shall extend to and be in force in the said Territories under the Government of the *East India Company*.

Matters directed to be performed before Governors of any particular Place may be performed in Presence of Governor General of India, &c.

Provinces, with the sanction of the Government of India, for the superintendence of the Abkaree Revenue, such Commissioner or Commissioners shall exercise within such Districts as may be assigned and prescribed from time to time by the said Governors or Lieutenant Governor the powers, authority and jurisdiction vested by the Regulations and Acts of the Government in Commissioners of the Land Revenue in all matters appertaining to the Abkaree Revenue.

II. And it is hereby enacted, that within the Districts so assigned to such Commissioner or Commissioners, the Governor of Bengal or Governor or Lieutenant Governor of the N. W. III. And it is hereby enacted, that it shall be competent for the Governor of Bengal to vest any person appointed under the foregoing Clause to the charge and superintendence of the Abkaree Revenue with the power of adjudicating cases of contravention of the Abkaree Laws, in addition to the powers attaching to the office of Superintendent of Abkaree Revenue in the District or Districts assigned to him—provided that no such Superintendent when so vested with the powers of adjudication shall sentence any person to a fine exceeding 300 Rupees, or to imprisonment for a term exceeding 3 months, except for a second offence under Section XVII. of this Act.

F. J. HALLIDAY,

Junr. Secy. to the Govt. of India.

PORT WILLIAM,
LEGISLATIVE DEPARTMENT,

THE 26TH OCTOBER, 1840.

The following Draft of a proposed Act was read in Council for the first time on the 26th of October 1840:

ACT No. — OF 1840.

An Act for facilitating the collection of the Revenue of Government and defining the interest intended to be conveyed by public sales for the realization of arrears of the Public Revenue in Putteedarree Estates.

Preamble. I. The Regulations in force authorize the application of duress for enforcing the payment of arrears of the public revenue, only against the person and property of the Contracting Lumbardar, leaving him to proceed against the Putteedars by suit or distraint. But with reference to the peculiar nature of these Coparcenaries the existing enactments appear to be insufficient, on the one hand for the protection of the rights of the Putteedars, and on the other hand for the punctual realization of the dues of Government. The Regulations are also deficient in not authorizing with sufficient distinctness the sale or transfer of the Puttees of defaulting Putteedars in Putteedarree Estates, and in not defining the interest intended to be conveyed by public sales of such Estates.

II. A Putteedarree Estate in this Act is held to be an Estate which consists of two or more separate portions or Puttees, or of which there may be proprietors, possessed of separate properties and holding direct of the Government, but not parties in their own names to the contract with the Government for payment of the public revenue. The proprietor who is a party in his own name is called a Lumbardar, and the proprietor who is not a party in his own name is called a Putteedar.

III. It is hereby enacted, that the following modes of duress may be enforced against all Putteedars whose tenure and interest may have been defined by a Settlement formed according to Regulation VII. of 1832 as modified by Regulation IX. of 1836, whether every such Putteedar be in sole occupation of his Puttee, or hold it in common with others.

1st. Issue of Warrants in the same manner, as under the usual Regulations, as authorized by the rules in force for Lumbardars.

2d. Arrest, distraint, imprisonment, distraint and sale of personal property as now authorized to be enforced against Lumbardars.

3d. Transfer of the defaulting Puttee in perpetuity to the members of any other Puttee which may not be a party.

4th. Application to the Government as regards the defaulting Puttee to be made by the members

of any other Puttee which may not be in arrear or to a stranger for any term not exceeding fifteen years.

5th. Sale of the defaulting Puttee by public auction in which case the members of the remaining Puttees who may not be in arrear are authorized to bid.

IV. And it is hereby enacted, that on occasion of the sale by public auction of any Puttee, if the lot shall have been knocked down to a stranger, any Putteedar or other member of the coparcenary not being himself in arrear may claim to take the said Puttee at the sum last bid, provided that the said demand of pre-emption be made on the day of sale and before the Collector shall have left the office, and provided that the claimant fulfil all the other conditions of the sale.

V. And it is hereby enacted, that the above methods be employed by the Collector or other Officer vested with the powers of Collector, under such limitation and control as Government or other superior revenue authorities shall see fit to prescribe or enforce.

VI. And it is hereby enacted, that the sale of any Puttee by public auction, shall be effected in respect to the notice to be issued, the authority to be obtained, and the mode of conducting the sale according to the rules prescribed by Act of for the sale of an entire Mohal, and the Puttee after the sale shall have been duly confirmed shall be the absolute property of the purchaser, save and except the rights of those Ryots whose right to the permanent occupancy of their lands may have been recognized, and the rates of rent payable by whom may have been adjusted and recorded at the last settlement.

VII. And it is hereby enacted, that in case of the lease or other temporary transfer of any Puttee as above said no member of that Puttee shall be entitled to cultivate any land therein during the term of such transfer, or in case of absolute sale no member of the Puttee shall be entitled to hold or cultivate any land therefrom, and after the month of Bysack next succeeding such sale unless the said member of such sold or transferred Puttee shall first execute a written engagement to payment to the purchaser or transferee at the rate demanded by the purchaser or transferee. Provided that it shall be competent to the Collector, subject to the orders of the Commissioner and the Sudder Board of Revenue, if the rate cannot be fixed by private bargain between the parties to cause the same to be fixed by a jury of the vicinage in the mode directed by Sections V. to X. Regulation IX. of 1833.

VIII. And it is hereby enacted, that a copy of the Jumma Wasil Bukree and detailed Kuteenoo of the Tehsildar signed and sealed by him, and countersigned by the Canongoes and Putwarry exhibiting in detail the amount paid by and arrear due from each Puttee shall be taken to be sufficient evidence of the arrear due from that Puttee, and these papers shall invariably be filed with the Collector's proceedings.

IX. And be it enacted, that the Collector be empowered to give possession to all purchasers and transferees under this Act in the mode authorized by Clause III. Section XXIII. of Regulation VII. of 1822.

X. And it is hereby enacted, that nothing contained in this Act shall bar the indefeasible right of Government to hold the entire body of proprietors and the entire estate responsible for the amount of the whole Jumma, and to enforce the existing regulations for the transfer or sale of the whole estate whenever it shall appear to them just and expedient. In every such case it is hereby declared in modification of Regulation XI. of 1822, that the entire proprietary rights of every member of the coparcenary shall be annulled and forfeited, and the provision of Section V. of this Act shall be applicable to every member of the Coparcenary.

XI. East India Army Agency,

16, CORNHILL, AND 8, ST. MARTIN'S PLACE,
CHARING CROSS.

Messrs. GRINDLAY, CHRISTIAN, & MATTHEWS.

THE numerous communications which have been addressed to Captain Grindlay from all parts of India, conveying the most flattering approbation of the manner in which his duties to his constituents have hitherto been performed, and the most cordial assurances of support to the new Firm, commenced in November, 1838, are felt by him to call for a public expression of gratitude.

In thus offering his thanks for the extensive and honorable patronage long afforded to the Establishment under his sole management, and now so kindly promised to the Firm of GRINDLAY, CHRISTIAN AND MATTHEWS, he begs to assure his numerous friends and well wishers, that the efforts of himself and his partners will be unremittingly directed to merit the continued confidence reposed in them by the various branches of the Indian community, both at home and abroad.

The high character attained by the Establishment under his superintendence has been the result of many years' perseverance. Its pretensions were tested by experience, and the value of the facilities which it

afforded for the dispatch of business, tried and vouch- ed for by a large proportion of those whose engage- ments led them to India. It is acknowledged with pride, that success followed exertion, and the means have thus been obtained of increasing the resources of the Establishment and greatly enlarging the circle of its usefulness.

In conclusion, Messrs. GRINDLAY, CHRISTIAN AND MATTHEWS have only to remind their Sub- scribers and the Public at large, that they continue to transact every description of business connected with India and the Colonies.

FORT WILLIAM,
LEGISLATIVE DEPARTMENT,

THE 26TH OCTOBER, 1840.

The following Draft of a proposed Act was read in Council for the first time on the 26th of October 1840:

Act No. — of 1840.

An Act for facilitating the collection of the Revenue of Government and defining the interest intended to be conveyed by public sales for the realization of arrears of the Public Revenue in Putteedaree Estates.

Preamble. I. The Regulations in force authorize the application of duress for enforcing the payment of arrears of the public revenue, only against the person and property of the Contracting Lumberdar, leaving him to proceed against the Putteedars by suit or distraint. But with reference to the peculiar nature of these Coparcenaries the existing enactments appear to be insufficient, on the one hand for the protection of the rights of the Putteedars, and on the other hand for the punctual realization of the dues of Government. The Regulations are also deficient in not authorizing with sufficient distinctness the sale or transfer of the Puttees of defaulting Putteedars in Putteedaree Estates, and in not defining the interest intended to be conveyed by public sales of such Estates.

II. A Putteedaree Estate in this Act is held to be an Estate which consists of two or more separate portions or Puttees, or of which there may be proprietors, possessed of separate properties and holding direct of the Government, but not parties in their own names to the contract with the Government for payment of the public revenue. The proprietor who is a party in his own name is called a Lumberdar, and the proprietor who is not a party in his own name is called a Putteedar.

III. It is hereby enacted, that the following modes of duress may be enforced against all Putteedars whose tenure and interest may have been defined by a Settlement formed according to Regulation VII. of 1822 as modified by Regulation IX. of 1833, whether every such Putteedar be in sole occupation of his Puttee, or hold it in common with others.

1st. Issue of Distresses in the same manner, and under the same limitation, as authorized by the rules in force for Lumberdars.

2d. Arrest, detention, imprisonment, distraint and sale of personal property as now authorized to be enforced against Lumberdars.

3d. Transfer of the defaulting Puttee in perpetuity to the members of any other Puttee which may not be in arrears.

4th. Amendment of the Settlement as regards the defaulting Puttee, and lease thereof to the members

of any other Puttee which may not be in arrears or to a stranger for any term not exceeding fifteen years.

5th. Sale of the defaulting Puttee by public auction in which case the members of the remaining Puttees who may not be in arrears are authorized to bid.

IV. And it is hereby enacted, that on occasion of the sale by public auction of any Puttee, if the lot shall have been knocked down to a stranger, any Putteedar or other member of the coparcenary not being himself in arrears may claim to take the said Puttee at the sum last bid, provided that the said demand of pre-emption be made on the day of sale and before the Collector shall have left the office, and provided that the claimant fulfil all the other conditions of the sale.

V. And it is hereby enacted, that the above methods be employed by the Collector or other Officer vested with the powers of Collector, under such limitation and control as Government or other superior revenue authorities shall see fit to prescribe or enforce.

VI. And it is hereby enacted, that the sale of any Puttee by public auction, shall be effected in respect to the notice to be issued, the authority to be obtained, and the mode of conducting the sale according to the rules prescribed by Act of for the sale of an entire Melsat, and the Puttee after the sale shall have been duly confirmed shall be the absolute property of the purchaser, save and except the rights of those Ryots whose right to the permanent occupancy of their lands may have been recognized, and the rates of rent payable by whom may have been adjusted and recorded at the last settlement.

VII. And it is hereby enacted, that in case of the lease or other temporary transfer of any Puttee as above said no member of that Puttee shall be entitled to cultivate any land therein during the term of such transfer, or in case of absolute sale no member of the Puttee shall be entitled to hold or cultivate any land therefrom, and after the month of Bysack next succeeding such sale unless the said member of such sold or transferred Puttee shall first execute a written engagement to payment to the purchaser or transferee at the rate demanded by the purchaser or transferee. Provided that it shall be competent to the Collector, subject to the orders of the Commissioner and the Sudder Board of Revenue, if the rate cannot be fixed by private bargain between the parties to cause the rate to be fixed by public sale in the manner directed by Sections V. to X. Regulation IX. of 1833.

VIII. And it is hereby enacted, that a copy of the Jumma Wasil Bakes and detailed Kuteenuee of the Tehsildar signed and sealed by him, and countersigned by the Cawongoes and Putwarry exhibiting in detail the amount paid by and arrears due from each Puttee shall be taken to be sufficient evidence of the arrears due from that Puttee, and these papers shall invariably be filed with the Collector's proceedings.

IX. And be it enacted, that the Collector be empowered to give possession to all purchasers and transferees under this Act in the mode authorized by Clause III. Section XXIII. of Regulation VII. of 1822.

X. And it is hereby enacted, that nothing contained in this Act shall bar the indefeasible right of Government to hold the entire body of proprietors and the entire estate responsible for the amount of the whole Jumma, and to enforce the existing regulations for the transfer or sale of the whole estate whenever it shall appear to them just and expedient. In every such case it is hereby declared in modification of Regulation XI. of 1822, that the entire proprietary rights of every member of the coparcenary shall be annulled and forfeited, and the provision of Section V. of this Act shall be applicable to every member of the Coparcenary.

XI. And it is hereby enacted, that the Governor General in Council may extend the provisions of this Act to any district to which with reference to the nature of the tenures prevalent therein its extension may be expedient, although no Settlement of such district may have been made under Regulations VII. of 1822, and IX. of 1833 and the Order of Government shall be sufficient authorities for such extension.

Ordered, that the Draft now read, be published for general information.

Ordered, that the said Draft be re-considered at the first Meeting of the Legislative Council of India after the 20th day of December next.

OVERLAND LETTERS AND POSTAGE.

It is hereby notified for general information—

First.—That all Letters and Newspapers, except Soldiers' and Sailors' Letters, intended for transmission by the Overland Mails, and except those specially marked "via Falmouth," will be sent through France, and thus be subject to the heavier rate of postage.

Second.—Letters and Newspapers addressed to France, as well as those to other foreign countries, with which France is the channel of communication (if the latter are expressly directed to be so sent) will be made up in Packets and sent to the French Post Master at Marseilles; but Letters for Foreign Countries, other than France, if not specially directed to France, will be included in the Packets for England. Letters, &c., for places lying between Bom-bay and Marseilles, will be despatched in separate Packets.

Third.—Letters for the United Kingdom of Great Britain, weighing less than a quarter of an ounce, and passing through France, are charged single postage, which by that route amounts to 2s. 2d. By the Falmouth route, Letters of half an ounce in weight, are subject to single postage only, which by that route, has now been reduced to 1s.

Newspapers, if sent via Falmouth, are free of postage; but if transmitted by the way of Marseilles, they are charged 2d. each.

FORT WILLIAM, LEGISLATIVE DEPARTMENT, THE 19TH OCTOBER, 1840.

The following Draft of a proposed Act was read in Council for the first time on the 19th of October 1840.

Act No. — of 1840.

An Act for the better protection of the Abkaree Revenue within the Presidency of Fort William in Bengal.

I. Whereas it has been found necessary, with a view to make better provision for the protection of the Abkaree Revenue than is afforded by the existing system of management, to place the entire management of the Abkaree Revenue in a separate Commission under the direction and control of the Board of Customs, Salt and Opium, and whereas it is required to make provision by law for the extension and improvement of this system of management within the Presidency of Fort William in Bengal;—

It is hereby enacted, that whenever a Commissioner or Commissioners shall be appointed by the Governor of Bengal, or by the Governor or Lieutenant Governor of the N. W. Provinces, with the sanction of the Government of India, for the superintendence of the Abkaree Revenue, such Commissioner or Commissioners shall exercise within such Districts as may be assigned and prescribed from time to time by the said Governors or Lieutenant Governor the powers, authority and jurisdiction vested by the Regulations and Acts of the Government in Commissioners of the Land Revenue in all matters appertaining to the Abkaree Revenue.

II. And it is hereby enacted, that within the Districts so assigned to such Commissioner or Commissioners, the Governor of Bengal or Governor or Lieutenant Governor of the N. W. Provinces may appoint any duly qualified persons not being of the description specially provided for in Section XXXI. Regulation X. 1813, to be Superintendents of the Abkaree Revenue, and to vest them with the charge and management of the Abkaree Revenue under the orders of the said Commissioner within such local limits as to him may seem fit, and the persons so appointed shall exercise all the powers of Collectors in regard to this Revenue, excepting the adjudication of cases of contravention of the Laws relating to Abkaree.

III. And it is hereby enacted, that it shall be competent for the Governor of Bengal to vest any person appointed under the foregoing Clause to the charge and superintendence of the Abkaree Revenue with the power of adjudicating cases of contravention of the Abkaree Laws, in addition to the powers attaching to the office of Superintendent of Abkaree Revenue in the District or Districts assigned to him—provided that no such Superintendent when so vested with the powers of adjudication shall sentence any person to a fine exceeding 200 Rupees, or imprisonment for a term exceeding 3 months, except for a second offence under Section XVII. of this Act.

IV. And it is hereby enacted, that the warrant of any Officer authorized, or specially appointed, to adjudicate cases of contravention of the Abkaree Laws certifying the conviction of any individual, with a specification of the offence proved and penalty adjudged, shall be authority for the levying of any fine imposed, as therein specified, and for the detention of the person therein described in the Civil Jail of the District as may be therein prescribed,—provided always that it shall be competent to the Commissioner, upon appeal by the parties concerned, or of his own motion, to call for the papers and revise the proceedings in any case decided by such Superintendent, and to alter or reverse the judgment passed thereon, and a like power shall be possessed and exercised by the Board of Customs, Salt and Opium, or by any other Board possessing like authority whenever they think proper.

V. And it is hereby enacted, that any Officer employed in the Abkaree Department above the rank of Jemadar of Peons, who shall receive information that any person without a license is engaged in the manufacture of fermented or spirituous liquors, or in the preparation of intoxicating drugs, or has on his premises fermented or spirituous liquors or intoxicating drugs in such quantity as may render such person liable to the suspicion of secretly and illicitly trafficking in such articles, shall and is hereby authorised and required to take the deposition of the informer in writing, and if the information so given shall appear credible, so as to justify such proceeding, it shall further be competent to such Officer to enter and search such premises as may be declared by the informer to contain the illicit articles specified in his deposition, and to seize all illicit stills and materials of the kind used in manufacturing liquors and preparing drugs as well as all fermented or spirituous liquors, or intoxicating drugs, and to arrest the owner or occupant of the premises, together with all parties concerned in the transaction who may be found on the premises.

VI. XII. And it is hereby enacted, that if any Officer of the Abkaree Department be convicted before the Magistrate of any District, of having vexatiously and unnecessarily seized the goods of any person on the pretence of seizing or searching for illicit stills, spirituous liquors, intoxicating drugs, or the materials for manufacturing the same, or of having vexatiously and unnecessarily arrested any person, or of committing any other excess not required for the execution of his duty, every such Officer shall, besides dismissal, be punished with imprisonment not exceeding six months, and with fine not exceeding 200 Rupees, commutable, if not paid to a further imprisonment not exceeding six months.

XIII. XIV. And it is hereby enacted, that every person holding a license for the manufacture or sale of fermented or spirituous liquors or intoxicating drugs, shall preserve such license at the shop or premises specified in the body of the license, and shall exhibit the license on the demand of any Abkaree Officer, who shall desire to inspect the same, and any such licensed manufacturer or vendor who shall refuse, or be unable to produce his license on the demand of any Abkaree Officer, shall be liable to a fine not exceeding 200 Rupees, or to imprisonment for a term not exceeding three months, and in case of non-payment of the fine to further imprisonment not exceeding a like term.

XV. **FORT WILLIAM,
LEGISLATIVE DEPARTMENT,
THE 26TH OCTOBER, 1840.**

The following Draft of a proposed Act was read in Council for the first time on the 26th of October 1840:

ACT No. — of 1840.

An Act for facilitating the collection of the Revenue of the Government and settling the interest therein to be conveyed by public sales for the realization of arrears of the Public Revenue in Putteedaree Estates.

I. The Regulations in force authorize the application of duresse for enforcing the payment of arrears of the public revenue, only against the person and property of the Contracting Lumberdar, leaving him to proceed against the Putteedaree by suit or distraint. But with reference to the peculiar nature of these Coparcenarys the existing enactments appear to be insufficient, on the one hand for the protection of the rights of the Putteedaree, and on the other hand for the punctual realization of the dues of Government. The Regulations are also deficient in not authorizing with sufficient distinctness the sale or transfer of the Puttees of defaulting Putteedaree in Putteedaree Estate, and in not defining the interest intended to be conveyed by public sales of such Estates.

II. A Putteedaree Estate in this Act is held to be an Estate which consists of two or more separate portions or Puttees, or of which there may be proprietors, possessed of separate properties and holding direct of the Government, but not parties in their own names to the contract with the Government for payment of the public revenue. The proprietor who is a party in his own name is called a Lumberdar, and the proprietor who is not a party in his own name is called a Putteedar.

III. It is hereby enacted, that the following modes of duresse may be enforced against all Putteedaree whose tenure and interest may have been defined by a Settlement formed according to Regulation VII. of 1822 as modified by Regulation IX. of 1833, whether every such Putteedar be in sole occupation of his Puttee, or hold it in common with others.

1st. Issue of Distresses in the same manner, and under the same limitations, as authorized by the rules in force for Lumberdars.

2d. Arrest, detention, imprisonment, distraint and sale of personal property as now authorized to be enforced against Lumberdars.

3d. Transfer of the defaulting Puttee in perpetuity to the members of any other Puttee which may not be in arrears.

4th. Abolition of the Settlement as regards the defaulting Puttee, and leave thereof to the members

of any other Puttee which may not be in arrears or to a stranger for any term not exceeding fifteen years.

5th. Sale of the defaulting Puttee by public auction in which case the members of the remaining Puttees who may not be in arrears are authorized to bid.

IV. And it is hereby enacted, that on occasion of the sale by public auction of any Puttee, if the lot shall have been knocked down to a stranger, any Putteedar or other member of the coparcenary not being himself in arrears may claim to take the said Puttee at the sum last bid, provided that the said demand of pre-emption be made on the day of sale and before the Collector shall have left the office, and provided that the claimant fulfil all the other conditions of the sale.

V. And it is hereby enacted, that the above methods be employed by the Collector or other Officer vested with the powers of Collector, under such limitation and control as Government or other superior revenue authorities shall see fit to prescribe or enforce.

VI. And it is hereby enacted, that the sale of any Puttee by public auction, shall be effected in respect to the notice to be issued, the authority to be obtained, and the mode of conducting the sale according to the rules prescribed by Act of 1822 for the sale of an entire Mohal, and the Puttee after the sale shall have been duly confirmed shall be the absolute property of the purchaser, save and except the rights of those Ryots whose right to the permanent occupancy of their lands may have been recognized, and the rates of rent payable by whom may have been adjusted and recorded at the last settlement.

VII. And it is hereby enacted, that in case of the lease or other temporary transfer of any Puttee above said no member of that Puttee shall be entitled to cultivate any land therein during the term of such transfer, or in case of absolute sale no member of the Puttee shall be entitled to hold or cultivate any land therefrom, and after the month of Bysack next succeeding such sale unless the said member of such sold or transferred Puttee shall first execute a written engagement to payment to the purchaser or transferee at the rate demanded by the purchaser or transferee, provided that it shall be competent to the Collector, subject to the orders of the Commissioner and the Sudder Board of Revenue, if the rate cannot be fixed by private bargain between the parties to cause the same to be fixed by a jury of the vicinage in the mode directed by Sections V. to X. Regulation IX. of 1833.

VIII. And it is hereby enacted, that a copy of the Jumma Wamil Bakes and detailed Kuteence of the Tehsildar signed and sealed by him, and countersigned by the Coocongones and Putwarry exhibiting in detail the amount paid by and arrears due from each Puttee shall be taken to be sufficient evidence of the arrears due from that Puttee, and these papers shall invariably be filed with the Collector's proceedings.

IX. And be it enacted, that the Collector be empowered to give possession to all purchasers and transferees under this Act in the mode authorized by Clause III. Section XXIII. of Regulation VII. of 1822.

X. And it is hereby enacted, that nothing contained in this Act shall bar the indefeasible right of Government to hold the entire body of proprietors and the entire estate responsible for the amount of the whole Jumma, and to enforce the existing regulations for the transfer or sale of the whole estate whenever it shall appear to them just and expedient. In every such case it is hereby declared in modification of Regulation XI. of 1822, that the entire proprietary rights of every member of the coparcenary shall be annulled and forfeited, and the provision of Section V. of this Act shall be applicable to every member of the Coparcenary.

XI. And it is hereby enacted, that the Governor General in Council may extend the provisions of this Act to any district to which with reference to the nature of the tenures prevalent therein its extension may be expedient, although no Settlement of such district may have been made under Regulations VII. of 1822, and IX. of 1833 and the Order of Government shall be sufficient authorities for such extension.

Ordered, that the Draft now read, be published for general information.

Ordered, that the said Draft be re-considered at the first Meeting of the Legislative Council of India after the 26th day of December next.

IV. GENERAL POST OFFICE NOTICE.

UNDER the orders of Government, the subjoined Notice
to the Public of England, is promulgated for the
information of the Public of India: and as the inconveni-
ences described in that Notice, as arising out of the use of
sealing wax, for closing letters, are equally experienced in
India, it is strongly recommended that the use of wafers be
universally adopted as suggested by the English Post
Office Authorities.

Offg. Post Master General.

No. 9, 1840.

NOTICE TO THE PUBLIC AND INSTRUCTIONS TO ALL POST MASTERS AND LETTER RECEIVERS.

General Post Office, August 1840.

The practice of sealing letters passing to and from the
East and West Indies, and other warm climates, with wax,
attended with much inconvenience, and frequently with
serious injury to the letters, in consequence of the melting
of the wax and adhesion of the letters to each other.

In the case of a Mail recently received from India, con-
siderable delay was occasioned at this Office, and notwith-
standing the greatest care was taken in separating the
letters, which, owing to the cause already mentioned, ad-
hered closely together, many were much damaged and torn:
the Public are therefore recommended in all possible cases
to use wafers in preference to wax in sealing their letters
sent to India or other warm climates, and also to advise
their correspondents in those countries to pursue the same
course.

Post Masters are also enjoined to give every publicity to
this caution.

East India Army Agency,

CHANCING CROSS.

Messrs. GRINDLAY, CHRISTIAN, & MATTHEWS.

THE numerous communications which have been addressed to Captain Grindlay from all parts of India, conveying the most flattering approbation of the manner in which his duties to his constituents have hitherto been performed, and the most cordial assurances of support to the new Firm, commenced in November, 1839, are felt by him to call for a public expression of gratitude.

In thus offering his thanks for the extensive and honorable patronage long afforded to the Establishment under his late management, and now so kindly promised to the Firm of GRINDLAY, CHRISTIAN AND MATTHEWS, he begs to assure his numerous friends and readers, that the efforts of himself and his partners will be unflinchingly directed to

merit the continued confidence reposed in them by the various branches of the Indian community, both at home and abroad.

The high character attained by the Establishment under his superintendence has been the result of many years' perseverance.—Its pretensions were tested by experience, and the value of the facilities which it afforded for the dispatch of business, tried and vouches for by a large proportion of those whose engagements led them to India. It is acknowledged with pride, that success followed exertion, and the means have thus been obtained of increasing the resources of the Establishment and greatly enlarging the circle of its usefulness.

In conclusion, Messrs. GRINDLAY, CHRISTIAN AND MATTHEWS have only to remind their Subscribers and the Public at large, that they continue to transact every description of business connected with India and the Colonies.

Parties desiring to support this Agency are informed that Subscriptions of 12 Rupees per annum will be received by

WEDNESDAY, NOVEMBER 4, 1840.

FORT WILLIAM,
SECRET DEPARTMENT,
THE 2D NOVEMBER, 1840.

The following despatches this day received from Major General Sir W. Cotton, K. C. B. and K. C. H., &c., Commanding the Forces in Afghanistan, are published for general information.

By Order of the Right Honorable the Governor General of India in Council,

T. H. MADDOCK, *Secretary to the Govt. of India.*
No. 72.

Afghanistan, Head-Quarters, Camp Cabool, 4th October, 1840.

Sir,

I have now the honor to forward Brigadier Dendale's report of his action with the combined force under Dost Mahomed Khan and the Wallee of Koolloom on the 18th instant.

This official account corrects some inaccuracies in my letter of the 23d, which was framed upon the Brigadier's hurried letter written on the field. Captain Hart, of the Janbazees, was not wounded as at first reported; and it appears that the loss of the enemy, although very severe, was not so great in killed as mentioned in my first account. The rout, however, was complete.

The results of this action have been in all respects most satisfactory and highly conducive to the public interests in a very critical conjuncture, and I cannot but feel sensible that these important consequences are to be attributed to the decision and spirit of the Brigadier's attack when he found himself with so small a force in the presence of the main body of the enemy, and to the gallant bearing of the Troops engaged.

I therefore beg to recommend the Officers and Troops employed on this service to the favorable consideration of the Right Honorable the Governor General.

I have the honor to be, Sir,

Your most obedient Servant,

WILLOUGHBY COTTON, *Major General,*

Commanding the Troops in Afghanistan.

To H. TORRENS, Esq.,

*Secretary to the Government of India,
Calcutta.*

Service.

(Copy.)

Camp Bannet, 18th September, 1840.

Sir.—My last communication will have apprized you of our having crossed the Iruk Mountain.

At the urgent representations of Dr. Lard, Political Agent, of the proximity of the enemy to Bannet, I continued to press on to its relief by forced

marches and arrived here on the 14th instant. That same evening having drawn out the Goorkah Regiment, I disarmed Captain Hopkins' Corps of Afghans, who although loaded, offered no resistance, and this essential duty, I am happy to say, was performed without difficulty. Finding no enemy in the neighbourhood, I proceeded to make arrangements for an advance on Syghan, where it appeared the enemy really was in force.

These measures were, however, rendered unnecessary by his actual but unexpected presence.

Allow me to congratulate you in our having obtained a complete and decisive victory over the conjoint Army of Dost Mahomed Khan and his Usbeg Allies under the Wallee of Koolloom. Last evening I received information from my advanced posts that bodies of Cavalry were entering the valley from the great defile in our front, six miles from hence. Wishing to draw them well on, I did not discourage their approach, but learning this morning that they had attacked a fortified village that was friendly to us, and as these people had claims on our protection, it became necessary to drive off their assailants.

From the reports brought in I was led to conclude that only a few hundred had entered the valley, and therefore took with me only one-third of our force, with a 6-pounder gun and howitzer.

I confess I was taken by surprise, after driving in what proved to be only their advanced party, to find an Army in my front. To have sent back for reinforcements would have caused delay, and given confidence to the enemy. It would have checked the forward feeling that animated the party with me, and gave assurance of success.

The enemy had got possession of the chain of Forts before us, reaching to the mouth of the defile. They drew up, and attempted to make a stand at each, with the main body, while their wings crowned the heights on either side. In dislodging them from the latter, I am sorry to say the Goorkahs suffered. After four or five volleys, seeing our steady and rapid advance, the whole force appeared to us to lose heart, and fled in a confused mass to the gorge of the Pass. I now ordered the whole of the Cavalry in pursuit, who drove them four miles up the defile, cutting down great numbers and scattering them in all directions, many throwing away their arms, and escaping up the hills.

Of the deserters from Captain Hopkins' Corps, not a few have paid the penalty of their treachery, and their muskets and accoutrements were found in all directions.

The Dost, and his Son Mahomed Ufzul Khan, and the Wallee, owed their escape to the swiftness of their horses, and were last seen with not more than 200 followers around them.

The prisoners report that the ex-Chief was wounded early in the day. His only gun, his kettle drums, with his camp ammunition and provisions, have fallen into our hands.

The number of the Enemy was at least 6000, and those chiefly Usbegs.

I can form no accurate estimate of their killed and wounded, but their loss must have been considerable.

I enclose a list of our Casualties and my Order of the day, in which I have endeavored to express my

sense of the conduct of the Officers and men in this brilliant affair.

I have the honor to be, Sir,
Your most obedient Servant,
W. H. DENNIE,
Brigr. Comd. N. Frontier.

ORDERS BY BRIGADIER DENNIE, C. B.

Brigadier Dennis has pride and pleasure in recording his sense of the conduct of the Troops employed against the Enemy yesterday, and congratulating them on the success which rewarded their efforts.

The Brigadier begs to offer his particular thanks to Lieutenant McKenzie, commanding the two pieces of Horse Artillery, to whose admirable practice the result of the day was mainly attributable. He requests that Captains Younghusband and Codrington will receive for themselves, and convey to the Officers and men

under their orders, his sense of their merits. Lieutenant Golding, with the Flankers on the heights, deserve by their coolness and steadiness every commendation. Anderson's Horse, led by Lieutenant LeGryt, severely wounded in the pursuit, distinguished themselves.

The Janbaze, headed by Captain Hart, proved themselves faithful and forward. To Captain Shortreed the Brigadier offers his best acknowledgments for the valuable assistance he afforded, as also to Lieutenant Broadfoot of the Engineers, who gave him his personal attendance.

Captain Arthur Conolly and Lieutenant Rattray volunteers on the occasion, will be rewarded as above.

this mark of their zealous exertions being fully appreciated.

No. 71.

Afghanistan, Head Quarters, Camp Cabool,
October 1, 1840.

SIR, I have the honor to forward a despatch under date the 29th ultimo, from Major General Sir Robert Sale, K.C.B., containing a detail of the assault and capture on that day of the Fort and Town of Tootumdurra, lately occupied by Ali Khan, a refractory Chief of the Kohistan of Cabool.

The disposition of the Troops and the mode of attack, which were conducted with the Major General's usual skill and vigor, appear to have nullified in a great measure the formidable position of the enemy, and to have produced the most brilliant results with a comparatively trifling loss.

The conduct of the Troops engaged appears to have been most satisfactory, and I beg to recommend the services of the Major General, and the Officers and men employed on this occasion, to the favorable notice of the Right Honorable the Governor General.

I much regret having to report the loss of an intelligent and enterprising Officer, Captain E. Conolly of the 6th Regiment of Light Cavalry, who fell in the advance of the main column of attack. This Officer was originally detached on special duty in the Political Department, and appears to have volunteered his services in the attack.

I have the honor to be, Sir,

Your most obedient Servant,

WILLOUGHBY COTTON, Major General,
Commanding the Troops in Afghanistan.

To H. TORRENS, Esq.,

Secretary to the Government,
Calcutta.

Camp Tootumdurra, 29th September, 1840.

SIR, At daylight this morning I quitted my encampment at Rohat and was joined at Charekar, 5 miles in advance, by the Detachment under the command of Captain Fraser of the 2nd Lt. Cavalry.

At Charekar I learned from Sir Alexander Burnes that no alteration had taken place in his views, with reference to the expediency of an attack on the Forts at the entrance of the Ghorebund Pass, belonging to Ali Khan, and known by the name of Tootumdurra. I therefore determined to attempt their capture immediately, and moved forward from Charekar at 8 A. M., having the Cavalry in advance.

On arriving in front of Tootumdurra I found the enemy posted in a very strong position—a village surrounded by Garden walls, defended by a small Fort and several detached towers, commanding the insulating ground below the high and steep hills which bound the Ghorebund Pass to the south and a chain of these detached Forts within market range respectively of the village and each other, extends to the eastward of the village, one of these Forts, a hexagonal structure, with Towers at the angles, is of considerable strength. The rear or north of the position is defended by a deep canal carried along the high round above the Ghorebund River, the vale below entirely covered with gardens, beyond which again the rocky hills to the north of the Pass.

A party of the enemy was drawn up in front of the village, and in a second, a second occupied the face of the hill to the west of the village, and the

Towers and Forts were garrisoned by matchlock men, who opened a brisk fire on the party of Cavalry sent on in advance to reconnoitre.

The Grenadier Company of the 37th N. I., a party of H. M. Shah Shuja's 2d Cavalry and two of H. M.'s Guns, 6-Pdrs., under Lieut. Warburton, was directed to clear the Hill to our left, and then to take the position of the Enemy in flank and co-operate with the other parties engaged in clearing the village.

Two Companies of H. M. 13th Light Infantry, under Lieut. Holkham, were detached to the right to take possession of two of the small detached forts, in which operation they were supported by three 9-Pounder guns under Captain Abbott. The fire from these guns was also, as opportunity offered, directed on the Towers and other defences of the village, with the view of dislodging the enemy from their advantageous position and facilitating the advance of the Infantry.

These operations were crowned with complete success.

The principal column of attack consisting of the remainder of H. M. 13th Light Infantry, two Co's of the 27th N. I. and the Light Company of the 37th N. I. was then ordered to advance and moved on the village at a rapid pace. The enemy continued their fire till the heads of the Companies were within 50 paces of the walls, when they fled with precipitation across the river and over ground where they could not be followed by the Cavalry.

The Garrison of the large Fort seeing the position both to their right and left thus in the possession of our troops, and Captain Abbott's Guns in battery opposite the gate, abandoned the post and escaped through a wicket, which opening to the south was covered from the fire of the Detachment.

Parties of Infantry were sent in pursuit across the valley, and another small Fort on the low ground temporarily occupied, but finding the enemy completely broken and dispersed, these parties were recalled, and I encamped in the vicinity of the Forts, the whole of which were in our possession by 11 A. M.

The accompanying Casualty Return will show that this advantage has been attended by little loss, a fact which I in a great measure attribute to the dread inspired by the excellent practice of the Artillery under the able direction of Captain Abbott, assisted by Lieutenants Maule and Warburton; but I have to lament the loss of Captain Edward Conolly of the 6th Light Cavalry, who joined me in the morning as a Volunteer. He was shot through the heart on our advance against the village.

It is my gratifying duty to express my entire satisfaction with the conduct of the Troops it has fallen to my lot on this occasion to command. The rapid flight of the enemy prevented their sustaining or inflicting much loss, but the steadiness and gallantry with which the Troops advanced was such as to warrant my entertaining the most sanguine hopes of success, even had the really formidable position we attacked been defended to the last.

I am now, at the request of Sir Alexander Burnes, (who accompanied me throughout the operations I have detailed) taking steps for the destruction of the Forts that have fallen into our hands.

To Captain Sanders of the Engineers, I was much indebted for his judicious and scientific observations both during and previous to the commencement of the operations.

Captain Wade of H. M. 13th Light Infantry, my Brigade Major, gave me every assistance in seeing my orders carried into effect.

Though not in the Army, Mr. Wheeler accompanied me as a Volunteer to carry orders, and I had several times occasion to employ him thus.

I have the honor to be, Sir,

your most obedt. Servant,

R. SALE, M. G.

Comy. Detachment.

Major of Brigade, 1st Brigade A. Indus.

R. SALE, Major General,
Commanding the Force.

No. 79.
Afghanistan, Head-Quarters, Camp Cabool,
October 6, 1840.

SIR,

I have the honor to forward a copy of despatch from Major General Sir Robert Sale, dated the 5th instant, containing, I am grieved to state, an account of his failure in an attempt to storm the Fort of Julgar on the 3d instant.

It appears from the Major General's despatch that he thought his Artillery had effected a practicable breach, and he accordingly formed a storming party, which, notwithstanding the most determined gallantry of their attack, on reaching the breach, could not effect an entrance owing to the causes mentioned in the despatch.

I lament beyond measure the loss sustained by these brave troops; but considering all the circumstances it does not strike me to be so great a might have been expected.

I regret the Mortars were not available for more timely service.

Although the attack was unfortunately not successful, the conduct of the storming party, consisting of the Detachment of H. M. 18th Light Infantry under Brevet Major Kershaw, and the detachments of the 27th and 37th Regiments of Native Infantry under Captain Rind of the latter Corps, the whole under the Command of Brevet Lieutenant Colonel Troson of Her Majesty's 18th Light Infantry, appears to have been characterised by the most determined bravery and steady courage. I beg to refer you to the ample details furnished by the letters of Sir Robert Sale and Lieutenant Colonel Troson, and I recommend the various Officers named in the notice and consideration of the Right Honorable the Governor General.

I much regret to add that the Garrison effected their escape.

I have the honor to be, Sir,

Your most obedient Servant,

WILLOUGHBY COTTON,

Major General,

Commanding the Troops in Afghanistan,

To H. TORRENS, Esq.

Secretary to Government, Calcutta.

From Major General Sir Robert Sale, K. C. B.
Commanding Field Force in Kohistan, to Major General Sir Willoughby Cotton, G. C. B. and K. C. H., Commanding the Troops in Afghanistan, dated Camp Julga, October 5th, 1840.

SIR,

The Political Agent having informed me that several of the Rebel Chieftains had fled to a Fort within 16 miles of my Camp at Charochar, I determined on attempting to secure them, and with this view directed Captain Anderson with two Squadrons of His Majesty Shah Sogiah's Cavalry, the Jan Bazzes under Lieutenant Dowson, and about 500 Desdairs Horse, who were placed at my disposal by the Shah-zada Timoor, the whole under the direction of Captain Sanders of the Engineers, to proceed to Julga, and endeavour to surround the Fort before any of the Garrison could effect their escape, till such time as I could bring up the Infantry and Artillery to attack the place.

This Detachment marched before 1 P.M. on the morning of yesterday, the 3d instant, and by 10 o'clock succeeded in completely investing the Fort, and

placing parties in secure positions in every direction by which the Garrison could effect their escape.

I have to express my obligations to the Officers and Men of His Majesty Shah Soojah's Service by whom this service was effected, and particularly indebted to Captain Anderson for the promptness and rapidity with which his Corps took up their position, and I trust His Majesty will be pleased to make known to his Troops the satisfaction I have expressed at their spirit and good conduct on this occasion.

By 10 A. M. I arrived before the Fort with Her Majesty's 13th Light Infantry and the two Squadrons of the 2d Cavalry—before 11 o'clock 3 Nine-Pounders and a 24-Pounder Howitzer under Captain Abbott came up; about 12, two of His Majesty's 6-Pounders under Lieutenant Warburton also arrived, but the badness of the road unfortunately delayed the Muzzlers till late in the afternoon, and it was not till 4 P. M. that one of them was brought in play. It was desirable to bring our operations in the attack of this Fort to a close as soon as possible, as from the numerous ravines in its vicinity it would have been extremely difficult to prevent the escape of the Rebels after nightfall, and a fire from the Nine-Pounders was immediately opened on the South-East Tower of the Fort, which by 1 P. M. was greatly dilapidated, when a cessation of their fire was rendered necessary, all the ammunition in the Field having been expended.

At 2 P. M. the fire recommenced, and at 3, the Tower and adjacent Curtain to the East were breached, and the breach to all appearance being exceedingly easy, I resolved on assaulting it without delay.

A Storming Party, commanded by Lieutenant Colonel Tronson, Her Majesty's 13th Light Infantry, consisting of 5 Companies of Her Majesty's 13th Light Infantry under Brevet Major Kershaw of that Corps, and of Detachments of the 27th and 37th Regiments of Native Infantry, commanded by Lieutenant Hind of the latter Regiment, were formed for the purpose in a ravine near the South-East angle, which afforded good cover for the Troops within 150 yards of the Fort, and on the signal being given, the Column advanced to the breach with the greatest steadiness and gallantry. They were met however by the enemy on the crest of the breach with the most determined resistance; a close fire from a numerous body of Matchlock men was opened on the head of the Column from the houses within the Fort, and Powder-bags were thrown in great numbers among the men ascending the breach: many of the leading men were shot dead on the breach, and after a desperate struggle to force an entrance into the Fort, they were with great judgment withdrawn by the Officer Commanding the party to the cover afforded by the adjacent ravine, where they remained till I issued orders for their recall, intending to renew the attack when it might be made by a combined movement against the Breach, Gateway, and Wicket, with better chances of success.

The Enemy, notwithstanding every precaution was taken to intercept them, succeeded in escaping from the Fort before 7 P. M., and at that hour our Troops took possession of it. I am now taking measures for its destruction.

It is with feelings of the deepest regret that I record the loss sustained in our unsuccessful attack. The coolness and spirit displayed by the Officers and Men of the Storming Party demand my warmest thanks, and I cannot express the mortification I experienced in seeing their noble exertions baffled, when on the point of being crowned with success.

To Lieutenant Colonel Tronson, Commanding the Storming Party, I am greatly indebted for his gallant execution of the important duty committed to him. He was nobly seconded by Brevet Major Kershaw of Her Majesty's 13th Light Infantry, whose exertions in surmounting the numerous obstacles which impeded the advance were conspicuous. The crest of the breach was at one time attained by four Officers of Her Majesty's 13th Light Infantry—Brevet Major Kershaw, Lieutenant and Adjutant Wood, Lieutenants

Edward King and George Wade, and I beg to express my high admiration of their zeal and gallantry.

Captain Abbott and Lieutenant Warburton distinguished themselves in the service of the Artillery, and their performance of the duty on which they were engaged merited my warmest approbation.

I beg also to bring to your favorable notice the assistance I derived from Captain Wade of Her Majesty's 13th Light Infantry, my Brigade Major, for the efficiency and attention displayed by him in carrying my wishes into effect throughout the Service.

Captain Rabau, 48th Native Infantry, Commissariat Officer, also gave me high satisfaction in officiating as my Aid-de-Camp during the day, and Mr. Wheeler whose services I have already had occasion to bring to your notice, on this occasion was conspicuous for the steadiness and promptness with which he conveyed my orders under a harassing fire.

I have again to bring to your favorable consideration the able and valuable assistance rendered me by Captain Sanders, Chief Engineer with the Force.

I have, &c.

(Signed) R. SALE, Major General,
Comd. Field Force in Kohistan.

W. DOUGLAS, Captain,
Assistant Adjutant General.

From Lieutenant Colonel Tronson, Commanding Her Majesty's 13th Light Infantry, to Major General Sir Robert Sale, K. C. B., dated Camp, October 3d, 1840, 8 P. M.

Sir,

I have the honor to report that having been placed in command of the storming party this day, consisting of five Companies of Her Majesty's 13th Light Infantry under Brevet Major Kershaw, and of Detachments of the 27th and 37th Native Infantry, commanded by Captain Hind, of the 37th, the party proceeded with great regularity and spirit towards the Fort. On nearing the breach, we were assailed by a quick and destructive fire, through which gallantly led by their Officers the party rushed up the breach, which was crowned by Officers and Men in the face of a close and deadly fire, the crest of the breach was gallantly held under this destructive fire for a considerable time by Brevet Major Kershaw, Lieutenant and Adjutant Wood, Lieutenant Edward King and Lieutenant G. Wade, with Sergeant Major Airey; the gallantry of those Officers with their Men called forth at the moment the admiration and cheers of all their comrades. Finding the breach totally impracticable I placed the party under immediate cover and subsequently withdrew them to a Ravine, awaiting the orders of the Major General.

The best consolation and reward of all who were engaged will be the innate conviction of each individual having to the utmost, gallantly done this duty, but as the Commander of this party I feel bound to render my warmest eulogium as thanks to Men and Officers engaged, more particularly to Major Kershaw, whose exertions and gallantry throughout were most conspicuous. I have great pleasure in acknowledging the exertions of Captain Hind and his Adjutant Ensign Mayne, 37th Native Infantry, with their Detachments of the 27th and 37th.

I enclose a list of killed and wounded, which I very deeply regret to find so serious, among them we have lost our most respected and gallant Sergeant Major, who nobly fell at the summit of the breach.

I have, &c.

(Signed) E. J. TRONSON, Lieut. Colonel,
and Major 13th Light Infantry.

The Right Honorable the Governor General in Council has also been pleased to direct the publication, for general information, of the following despatches from Major General Sir W. Cotton, K. C. B. and K. C. H., Commanding the Forces in Afghanistan, which, though received some time ago, have not before been published.

No. 67.

Afghanistan, Head-Quarters, Camp, Cabool,
August 22, 1840.

SIR,

I have the honor to forward for the information of the Right Honorable the Governor General the annexed copy of a letter from Lieutenant Colonel Wheeler, Commanding at Kudjah, reporting the attack and punishment of some refractory Chiefs in his neighbourhood.

I have the honor to be,

Sir,

Your most obedient Servant,

W. COTTON, Major General,

Commanding the Troops in Afghanistan.

To H. TORRENS, Esq.

Secretary to the Government of India,
Fort William.

From Lieutenant Colonel Wheeler, C. B., Commanding at Kudjah, to Captain Douglas, Assistant Adjutant General.

No 25. Camp Kudjah, 19th August, 1840.

SIR,

I have the honor to report that in conjunction with Captain Macgregor, Political Agent at this post, I quitted Camp this morning at day break with a 6-pounder of His Majesty Shah Shoojah's Artillery, a Detail 1st European Regiment, consisting of 2 Captains, 2 Lieutenants, 1 Ensign, 3 Sergeants and 85 Rank and File, a Detail of 48th Regiment N. I., consisting of 4 Lieutenants, 1 Ensign, 3 Subadars, 4 Jemadars, 3 Drummers and 319 Rank and File, to punish one of the Chiefs of the Wazerees Valley who had fired on Captain Macgregor and myself last night whilst making a reconnoissance.

There was great difficulty and delay in bringing the gun to the scene of operations.

We were assailed with a sharp fire from a Fort on our left flank as we advanced, and again by a small Fort immediately commanding the principal object of the movement.

This Fort was carried in fine style by the Grenadier Company 48th Regiment Native Infantry, under Lieutenant Patterson, after which we ran the gun up to the gate of the larger one and blew it open.

After resting the men, and serving out cartridges, I moved on the Fort which had surrendered our last. Three Companies 48th Native Infantry, in extended order, moved in each steady yet rapid style that it was

carried before the gun could come up. After collecting the Detachment here we turned on a very strong little Fort from which we had been annoyed, but they had had such a lesson that they would not wait for us, but fled leaving the gate open.

This was all executed by 8 A. M. and I cannot sufficiently express the admiration which the bold and steady conduct of all engaged excited, the Native Troops fully vying with their European brethren.

To Lieutenant Combe, Detachment Staff, I am much indebted; and I beg to bring to the notice of the Major General Commanding, the praiseworthy conduct of Dr. Nisbet, who was most zealous in the discharge of his professional duties, for which I regret to say there were many calls.

I have the honor to enclose a casualty list, and though I regret its extent, I can scarcely pronounce it heavy considering the service performed.

Captain Macgregor will no doubt explain to the satisfaction of the Envoy and Minister the necessity

under which this movement was made; I can but add that I most fully concur in his views, and feel that had we not attacked these evil disposed chiefs, they would have attacked us at night, as they had threatened, and that without the slightest provocation on our part.

I should be guilty of great ingratitude if I did not bear the fullest testimony to the gallant bearing of Captain Macgregor, who with his usual zeal laid the gun on every occasion, and always with the happiest effect.

I have, &c.

No. 68.

Afghanistan, Head-Quarters, Camp Cabool,
August 27, 1840.

SIR,

I have the honor to forward for the information of the Right Honorable the Governor General, a copy of a Letter from Lieutenant Colonel Wheeler, Commanding at Kudjah, giving a further detail of his operations against the Wuzzeerees in his neighbourhood on the morning of the 19th instant, together with an account, as far as can be ascertained, of the loss of the enemy on the occasion: information which was omitted in his former, apparently hurried, Despatch, which was forwarded with my Letter, No. 67, of the 22d instant.

I beg to state that Lieutenant Colonel Wheeler's dispositions for the attack appear to me to have been highly judicious, and have been followed up with a spirit and gallantry which has led to results highly creditable to the Officers and men engaged, and greatly beneficial to the public interests in that quarter; and that I have expressed to the Lieutenant Colonel and the Troops under his Command, the sense I entertain of the satisfactory manner in which this service has been performed. I beg that you will bring the same, in the strongest terms, to the notice of the Right Honorable the Governor General.

I have the honor to be, Sir,

Your most obedient Servant,

W. COTTON, *Major General,*
Commanding the Troops
in Afghanistan.

To H. TOMES, Esq.

Off. Secretary to the Government of India,
CALCUTTA.

From Lieutenant Colonel Wheeler, C. B., Commanding at Kudjah, to Captain J. D. Douglas, Assistant Adjutant General.

No. 28, dated Camp Kudjah, 24th August, 1840.

SIR,

In reply to your No. 419 of the 21st instant, I have the honor to state for the information of the Major General Commanding, that I trust the following, with my former dispatch, will place the whole operations of the morning clearly before him.

There is a large isolated Hill about three quarters of a mile long at this end of the Wuzzeerees valley, its nearest point being about two miles from my Camp; the first Fort taken is on the declivity of this Hill at the further end, and the second about fifty yards distant, at the base and clear of the hill. The road or rather path led along the bottom of the hill on the left side.

My dispositions were as follows: The Light Company 48th Native Infantry under Ensign Champion, crowned the hill and moved triflingly in advance of the column, in close order, until within 150 yards of the first Fort, when I extended it, and it then advanced without firing, bringing up its right so as to outflank the Fort on that side.

The 6th Company 48th Native Infantry was thrown out in extended order on my left flank and cleared the high corn fields, from which a sharp fire had been opened by the enemy, and continued to advance until they reached within 50 yards of the second Fort.

The main column moved along the path at the base of the hill. The European detail leading, followed by the Detachment 48th, dragging the gun, the Bullocks having been taken out full three hundred yards from the Fort.

On the head of the column arriving within forty yards of the Forts a heavy fire was opened by the

European detail, Light Company, and 6th Company 48th Native Infantry on the Turrets and Walls of the two Forts, which effectually kept down the enemy's fire; during which I got the gun into a favorable position on the side of the hill above the smaller Fort. Finding that it could not be brought to bear on the gate of the smaller Fort, I directed Lieutenant Paterson to concentrate a heavy volley as he could close on the gate; this had the desired effect, shook the gate, and enabled the Grenadiers of the 48th, under that Officer, to force it and carry the Fort in beautiful style, bayonetting all in it.

I have in my dispatch stated how the second Fort was taken; namely, the Seepahees, now aided by some Europeans, dragged the Gun to the gateway, which was at once burst open and in rushed the gallant fellows I had the honor of commanding.

The third Fort, and the Gardens and Fields around it, were crowded with men; the Light Company extended was thrown out in advance to the right, another company to the left, and a third in the centre. The gun and column following (excepting a Garrison of 40 men left in the Forts taken) these three companies advanced in so steady yet brisk a manner that I found myself with them close under the walls; and made a dash at the gate, which was found open and the Fort evacuated.

The capture of the fourth Fort I have already described, and I must now add two more to the list, one evacuated, close to the second assailed, and the sixth surrendered on terms.

The enemy was in great force, but the rapidity of our movements induced many to remain aloof, ready to give effectual aid had an opportunity offered; their loss is heavy; as far as can be ascertained, three chiefs are killed, also two of their near relations, and about twenty three men; one chief of considerable consequence very badly wounded and about forty men; with the exception of the chiefs, I beg particularly to state that there is no certain information regarding the loss of the enemy, though all admit it to have been great.

I have now the honor to enclose a Casualty Roll shewing two more men of the 48th Native Infantry who were wounded, but thought so little of it that it had never been reported even by themselves, until they were compelled to go to Hospital for their cure.

I have, &c.

N. B. The enemy had made small round holes in the bottom of the Ramparts opposite the gates,

through which they made their egress from the Forts. The want of a body of Horse was much felt.

GENERAL ORDERS BY THE RIGHT HON'BLE THE GOVERNOR GENERAL OF INDIA IN COUNCIL.

FORT WILLIAM, 28th October, 1840.

No. 254 of 1840.—The Right Honorable the Governor General of India in Council directs, that the following paragraphs B and D. of a Military Letter from the Hon'ble the Court of Directors, to the Governor of Bengal, No. 57, dated 12th August 1840, and the Resolution and List therein referred to, be published for general information:

Bengal Letter, 10th Feb. 1840, No 18.

Transmit a Memorial from 2d Lieutenant A. Robertson, of Artillery, praying to be allowed to count his service from the period he attained the age of sixteen years.

B. "We forward a copy of the Resolution, dated the 22d November 1837, under which the Cadets who were then in course of instruction at the Military Seminary, and who might thenceforward be appointed to that Institution, are entitled to count the time passed by them at the Seminary, after they obtain the age of sixteen, as so much time passed in India, in calculating their period of service for Retiring Pensions on Full Pay.

D. We also enclose a list of the Officers on your Establishment who are entitled to benefit by this Resolution, specifying the period of time claimable by each."

AT A COURT OF DIRECTORS,

The 22d November, 1837.

Resolved by the Ballot, that having had under consideration the nature and extent of the advantages accorded to the Cadets who receive their education at the Military Seminary by the Court's Resolution of the 4th December, 1833, under which such Cadets on passing their public examination take rank above all Cadets sworn in on direct appointments within the three months preceding the dates of such examination, and by the Orders contained in the Court's Military Circular Despatch of the 17th April, 1816, under which Cadets who pass for Engineers are permitted to reckon the commencement of their service in India from the date at which they would have arrived in that country had they proceeded to their destination instead of remaining to carry on their professional studies at Chatham, the Court are of opinion, that the Cadets studying at the Seminary should be still further protected from the loss which they may be considered to sustain as compared with those who proceed upon direct appointments.

That on adverting to the Regulations framed at the time when Cadets were educated for the Company's Service at the Royal Colleges of Marlow and Woolwich, the Court observe, that such Cadets were placed on the same footing as the Cadets who, not having received their education at those Institutions, proceeded at once to India, and that as "direct" Cadets could then so proceed at the age of fifteen, the period at which the College Cadets should take rank was fixed at fifteen years and a half, thus allowing six months for their arrival in India.

That the Court are of opinion that upon the same principle, Cadets who may continue at the Military Seminary after they have attained the age at which "direct" Cadets may now proceed to India, namely, sixteen years, should not lose the advantage in respect to Retiring Pension on Full Pay which they would derive, if they immediately proceeded to their destination.

That accordingly all the time, during which Cadets actually continue at the Military Seminary after attaining the age of sixteen, and before they pass their public examination (provided they pass within the fixed period of four terms) shall count as a portion of the period, which may eventually entitle them to retire upon Full Pay under the Regulations as now established.

List of the Officers entitled to benefit by the Court's Regulation of the 22d November 1837, as to time passed at the Seminary, after attaining the age of 16, commencing with those who were Students at the Institution when that Regulation was passed.

OVERLAND LETTERS AND POSTAGE.

It is hereby notified for general information—
 First.—That all Letters and Newspapers, except Soldiers' and Sailors' Letters, intended for transmission by the Overland Mails, and except those specially marked "via Falmouth," will be sent through France, and thus be subject to the heavier rate of postage.

Second.—Letters and Newspapers addressed to France, as well as those to other foreign countries, with which France is the channel of communication (if the latter are expressly directed to be so sent) will be made up in Packets and sent to the French Post Master at Marseilles; but Letters for Foreign Countries, other than France, if not specially directed to France, will be included in the Packets for England. Letters, &c., for places lying between Bombay and Marseilles, will be despatched in separate Packets.

GENERAL POST OFFICE NOTICE.

UNDER the orders of Government, the subjoined Notice to the Public of England, is promulgated for the information of the Public of India: and as the inconveniences described in that Notice, as arising out of the use of sealing wax, for closing letters, are equally experienced in India, it is strongly recommended that the use of wafers be universally adopted as suggested by the English Post Office Authorities.

No. 9, 1840.

NOTICE TO THE PUBLIC AND INSTRUCTIONS TO ALL POST MASTERS AND LETTER RECEIVERS.

General Post Office, August 1840.

The practice of sealing letters passing to and from the East and West Indies, and other warm climates, with wax, is attended with much inconvenience, and frequently with serious injury to the letters, in consequence of the melting of the wax and adhesion of the letters to each other.

In the case of a Mail recently received from India, considerable delay was occasioned at this Office, and notwithstanding the greatest care was taken in separating the letters, which, owing to the cause already mentioned, adhered closely together, many were much damaged and torn; the Public are therefore recommended in all possible cases to use wafers in preference to wax in sealing their letters sent to India or other warm climates, and also to advise their correspondents in those countries to pursue the same course.

Post Masters are also enjoined to give every publicity to this caution.

The Policies of Insurance must be effected in the name and on behalf of the East India Company, as the Parties interested, or endorsed to their order; but persons desirous of effecting the necessary Insurance in this Country, and of depositing the Policies in the Company's Treasury, will be allowed to do so.

5th.—In case of default being made either in acceptance, or payment of the Bills, the Court of Directors to be authorized, in such manner and at such times as they may see fit to sell the Goods, for the purpose of re-paying the Company the amount of the Advances made thereon, including Freight and any other charges or expenses which the Company may have incurred on account of the Consignment, together with interest, should any have accrued; the Company, on the other hand, allowing discount, where any part of the proceeds shall be realized before the Bills fall due, and the settlement of either surplus or deficiency shall be made with the Consignor; and if in India or China by the Government or Agents from whom he received the Advance, at the rate of exchange at which the Company may at the time be drawing Bills upon such Government or Agents.

The Consignor shall be at liberty to make provision, in case of the Party upon whom the Bill is drawn, (being also the Agent) having failed to accept the Bill, for the substitution of another Agent.

7th.—After the arrival of the Goods in England and when they shall have been placed in such deposit as may have been agreed upon, the Agent may be put into possession of them before the Bills become due, upon the amount of such Bills (less discount) being paid, together with the Freight and any other charges and expenses which the Company have paid or may be subject to on account of the Goods.

10th.—Parties receiving Advances, to address in each instance a Letter in quadruplicate to the Court of Directors, according to a form which will be furnished by the Officers of Government (or authorized Agents of the East India Company), signifying their assent to all the foregoing conditions, but more particularly for the purpose of expressly authorizing the sale of the Goods by the Company (without either notice to or concurrence of any person whomsoever) at any period after default shall be made either in acceptance or payments of the Bills; also authorizing, in such cases, the re-paying to the Company the Advances made, either principal or interest, together with any other charges or expenses which the Company may have incurred in respect of the Goods, and appointing the Agent in England for each transaction.

Extract of a Despatch from the Hon'ble the Court of Directors in the Financial Department, dated the 17th August, No. 19 of 1838.

5.—In future we desire that you will restrict your Advances to the great staple Articles of Indian Produce, Cotton, Silk, Sugar, Coffee, Indigo, Salt Peter and Piece Goods—and further that no Advance be made upon any Consignment the ascertained value of which shall be less than 5,000 Rupees.

GENERAL POST OFFICE NOTICE.

UNDER the orders of Government, the subjoined Notice to the Public of England, is promulgated for the information of the Public of India: and the inconveniences described in that Notice, as arising out of the use of sealing wax, for closing letters, are equally experienced in India, it is strongly recommended that the use of wafers be universally adopted as suggested by the English Post Office Authorities.

No. 9, 1840.

NOTICE TO THE PUBLIC AND INSTRUCTIONS TO ALL POST MASTERS AND LETTER RECEIVERS.

General Post Office, August 1840.

The practice of sealing letters passing to and from the East and West Indies, and other warm climates, with wax, is attended with much inconvenience, and frequently with serious injury to the letters, in consequence of the melting of the wax and adhesion of the letters to each other.

In the case of a Mail recently received from India, considerable delay was occasioned at this Office, and notwithstanding the greatest care was taken in separating the letters, which, owing to the cause already mentioned, adhered closely together, many were much damaged and torn: the Public are therefore recommended in all possible cases to use wafers in preference to wax in sealing their letters sent to India or other warm climates, and also to advise their correspondents in those countries to pursue the same course.

Post Masters are also enjoined to give every publicity to this caution.

By Command,

OVERLAND LETTERS AND POSTAGE.

IT is hereby notified for general information—

First.—That all Letters and Newspapers, except Soldiers' and Sailors' Letters, intended for transmission by the Overland Mails, and except those specially marked "via Falmouth," will be sent through France, and thus be subject to the heavier rate of postage.

Second.—Letters and Newspapers addressed to France, as well as those to other foreign countries, with which France is the channel of communication (if the latter are expressly directed to be so sent) will be made up in Packets and sent to the French Post Master at Marseilles; but Letters for Foreign Countries, other than France, if not specially directed to France, will be included in the Packets for England. Letters, &c. for places lying between Bombay and Marseilles, will be despatched in separate Packets.

Third.—Letters for the United Kingdom of Great Britain, weighing less than a quarter of an ounce, and passing through France, are charged single postage, which by that route amounts to 2s. 6d. By the Falmouth route, Letters of half an ounce in weight, are subject to single postage only, which by that route, has now been reduced to 1s.

Newspapers, if sent via Falmouth, are free of postage; but if transmitted by the way of Marseilles, they are charged 2d. each.

No. 2. Report of the examination of such Opium.

15. The Public are hereby informed that in providing the investment of the Behar and Benares Opium for the year 1839-40, the same precautions have been taken as those which have been observed during past years, to have the Drug procured and sent down in a pure state, to have only the prescribed quantity of leaves used in forming the cakes, and to have the due proportion of Opium put into each cake. An account of the weight of the Drug when packed at Behar and Benares, and a Statement of the average weight of Six Cents from each dispatch at Calcutta, may be seen on application at the Office of the Secretary to the Board of Customs, Salt and Opium.

16. Four Chests of Better and Renner's Opium which have been reserved from the provision of the two preceding years, will be also shown to the Purchasers on the day of Sale to enable them to judge of the state of preservation in which the Drug has kept.

17. The Public are hereby informed that in addition to the quantity above mentioned the following quantities more or less of Behar and Benares Opium will be brought to sale this year on or about the dates specified below.

12. It is hereby further notified that under the 8th Article of the Convention between Great Britain and France, dated the 7th March 1815, quoted below, the Agents in India of his Majesty the King of the French, or Persons duly appointed by them, are entitled to demand that out of the quantities of Behar and Benares Opium declared as above for Sale—at the five Sales in the months of January, February, April, May and June, there shall be delivered to them at the average of the particular Sale or Sales to which the Opium so applied for may belong, a quantity not exceeding in the aggregate 300 Chests, and the Agents of the French Government must make requisition for the whole of the Opium required by them during the year within 30 days after the publication of this Advertisement, specifying the particular Sale or Sales from which the quantity of Opium is intended to be taken. If the Agents of the French Government shall not make the requisition for Opium within the time abovementioned, the entire quantity of about 18,429 Chests of Behar and Benares Opium, as above estimated, will be brought to sale in the usual manner, and if they shall make application for a quantity of Opium to be delivered to them out of the quantity advertised for sale at each or any of the five Sales abovementioned, but shall not pay for it within the prescribed period of payment, the Governor of Bengal reserves to himself the right of disposing of the Opium which the French Authorities may so fail to pay for, either by increasing the quantity reserved at the Sale next ensuing the date of payment, or by selling it at a Sale to be held expressly for the purpose.

ARTICLE.

Article of the Convention above referred to.

6. "With regard to the Trade in Opium it is agreed between the high contracting parties that at each of the periodical Sales of that Article there shall be reserved for the French Government and delivered upon requisition duly made by the Agents of His Most Christian Majesty, or by the Persons duly appointed by them, the number of Cheats so applied for, provided that such supply shall not exceed three hundred Cheats in each year, and the price for the same shall be determined by the average rate at which Opium shall have been sold at every such periodical Sale, it being understood that if the quantity of Opium applied for at any one time shall not be taken on account of the French Government by the Agents of His Most Christian Majesty within the usual period of delivery, the quantity so applied for shall nevertheless be considered as so much in reduction of the three hundred Cheats herein before mentioned—the requisitions for Opium as aforesaid are to be addressed to the Governor General at Calcutta within thirty days after notice of the intended Sales shall have been published in the Government Gazette."

By Order of the Board of Customs, Salt and Opium,
W. BRACKEN, *Offg. Secretary.*

ADVERTISEMENT.

It being understood that Public Officers, in ignorance of the existence and nature of the Orphan Press Contract with Government, occasionally employ other Presses to the prejudice of the Orphan Institution, the General Management deem it expedient to publish, for general information, the following extract of a Letter from Mr. Secretary Prinsep, shewing that the Orphan Press has the exclusive privilege of Printing for Government.

"I am directed to acknowledge the receipt of your letter of the 6th instant, and in reply to state that it is by no means the intention of the Government to withdraw any part of its printing business from the Orphan School Establishment, or to allow Public Officers to give a preference to other Presses. On the contrary, the Vice President in Council has declared his readiness to enquire into every case in which other Establishments may be employed to the prejudice of the interests of the Orphan School, whenever such may fall under his notice or be made the subject of representation.

East India Army Agency,

16, CORNHILL, AND 8, ST. MARTIN'S PLACE,
CHARING CROSS.

MESSRS. GRINDLAY, CHRISTIAN, & MATTHEWS.

THE numerous communications which have been addressed to Captain Grindlay from all parts of India, conveying the most flattering approbation of the manner in which his duties to his constituents have hitherto been performed, and the most cordial assurances of support to the new Firm, commenced in November, 1838, are felt by him to call for a public expression of gratitude.

In thus offering his thanks for the extensive and honorable patronage long afforded to the Establishment under his sole management, and now so kindly promised to the Firm of GRINDLAY, CHRISTIAN AND MATTHEWS, he begs to assure his numerous friends and well wishers, that the efforts of himself and his partners will be unsemitingly directed to merit the continued confidence reposed in them, by the various branches of the Indian community, both at home and abroad.

The high character attained by the Establishment under his superintendence has been the result of many years' perseverance,—its pretensions were tested by experience, and the value of the facilities which it afforded for the dispatch of business, tried and vouch-ed for by a large proportion of those whose engagements led them to India: It is acknowledged with pride, that success followed exertion, and the means have thus been obtained of increasing the resources of the Establishment and greatly enlarging the circle of its usefulness.

In conclusion, Messrs. GRINDLAY, CHRISTIAN AND MATTHEWS have only to remind their Subscribers and the Public at large, that they continue to transact every description of business connected with India and the Colonies.

Parties desiring to support this Agency are informed that Subscriptions of 12 Rupees per annum will be received by

Messrs. COLVIN, AINSLIE, COWIE & Co., Calcutta.

SECOND SUPPLEMENT TO

The Calcutta Gazette.

Published by Authority.

WEDNESDAY, NOVEMBER 18, 1840.

FORT WILLIAM, JUDICIAL DEPARTMENT,

THE 20 NOVEMBER, 1840.

The Right Hon'ble the Governor General of India in Council is pleased to direct, that the following Resolution recorded by the Hon'ble the Lieut.-Governor N. W. Provinces, together with the Schedule of Works of Public Utility executed by Individuals at their own private cost within the North Western Provinces during the year 1839, be published for general information, in continuation of those published in the Calcutta Gazette of the 14th October, 1840.

Published by Order of the Right Hon'ble the Governor General of India in Council,

T. H. MADDOCK,

Secy. to the Govt. of India.

Resolution by the Hon'ble the Lieut.-Governor N. W. Provinces, dated the 16th October,

The several functionaries of the North Western Provinces having, in accordance with the provisions of the Resolution of Government, dated the 8th October 1839, furnished a report of the various Works of Public Utility executed by Individuals at their own private cost, during the year 1839, with a list of their names, His Honor the Lieutenant Governor is pleased to record the following observations thereon.

It is satisfactory to His Honor to remark, of the Works reported, that although there are none on a very extensive scale, yet that there are many of great local importance; and which, from their number, form no inconsiderable addition to the operations of public improvement now in progress throughout these Provinces.

To those individuals, who have thus distinguished themselves as public benefactors, the thanks of Government are due; and His Honor expresses a sincere hope, that they will persevere in a course, which is so productive of credit to themselves and advantage to the community at large.

While thus expressing generally his feelings of approbation of these acts of public benevolence, His Honor feels himself bound to select from this honorable body, some individuals, who are in His Honor's opinion, pre-eminently entitled to notice.

Allahabad Division, Jewrakhun Pandey constructed a pucks tank, at a cost of Rupees 5,000, at Musawanpore,
Zillah Cawnpore. Cotwalce Cawnpore.

Benares Division, A public Garden has been formed, surrounded by a Pucka Wall and Pucka Garden House.
Azimgurh District. was projected, liberally supported and managed by Mr. H. C. Tucker, the Officiating Magistrate and Collector.

Ajmere. Lieutenant J. D. Macnaghten, Ram Persaud Seth and other individuals subscribed to the amount of Rupees 12,785, which amount, together with Rupees 5,000, presented by Government, were appropriated to cutting a road through a high rocky hill, which will save a circuitous route between Ajmere and Pokhur.

Ram Persaud Seth, likewise constructed from his own resources, a large Pucka Well at Ajmere, at a cost of Rupees 1,000.

His Honor confidently hopes, that the excellent example afforded by these individuals, will be cordially followed by many others; and that thus private munificence may unite with the exertions of the Government, in promoting and executing such works as will bring into action the resources of the country; and add greatly to the comfort and happiness of its inhabitants.

By Order of the Hon'ble the Vice President in Council,

FORT WILLIAM,

FINANCIAL DEPARTMENT, 19TH NOVEMBER, 1836.

The following revised Terms and Conditions for making Advances in India and China upon Goods and Merchandise consigned to England are published for general information, also the following paragraphs 5 and 6 of the despatch of the Hon'ble Court of Directors, dated 17th August, prescribing the same for future observance:

TERMS AND CONDITIONS

FOR

MAKING ADVANCES IN INDIA AND CHINA,

UPON

The Goods and Merchandise of Individuals intended for Consignment to England, re-payable to the Court of Directors of the East India Company.

1st.—The parties to whom Advances may be made shall agree that the respective Consignments be delivered into such Warehouses as the Court of Directors may approve: and that they be subject to the control of the Court of Directors until the lien of the Company upon the Consignment shall have been satisfied.

2d.—Upon each Consignment, the value of which is to be ascertained by the Officers of the Indian Government, or Authorized Agents of the East India Company, an Advance not exceeding three-fifths of such ascertained value will be made.

The rate of Exchange to be determined from time to time at the place where the Advance is made under the Court's orders.

3d.—For re-payment of the Advance, Bills of Exchange to be drawn in triplicate, at six months sight, at the rate of—

Per Company's Rupee for Advances made at.....	Bengal.
Ditto.....	Madras.
Ditto.....	Bombay.
Per Spanish Dollar Ditto.....	China.

4th.—The Parties will be required to place in the hands of the Board of Customs, Salt and Opium,* Bills of Lading of the Consignment and Policies of Insurance effected thereon, both in triplicate. The Bills of Lading must be drawn

deliverable to the East India Company, or endorsed to the order of the East India Company. The Policies of Insurance must be effected in the name and on behalf of the East India Company, as the Parties interested, or endorsed to their order; but persons desirous of effecting the necessary Insurance in this Country, and of depositing the Policies in the Company's Treasury, will be allowed to do so.

5th.—In case of default being made either in acceptance, or payment of the Bills, the Court of Directors to be authorized, in such manner and at such times as they may see fit to sell the Goods, for the purpose of repaying the Company out of the 4th fund, State Treasuries, including Freight and any other charges or expenses which the Company may have incurred on account of the Consignment, together with interest, should any have accrued; the Company, on the other hand, allowing discount, where any part of the proceeds shall be realized before the Bills fall due, and the settlement of either surplus or deficiency shall be made with the Consignor; and if in India or China by the Government or Agents from whom he received the Advance, at the rate of exchange at which the Company may at the time be drawing Bills upon such Government or Agents.

6th.—An Agent in England shall be appointed for each Consignment, to whom the Court of Directors shall be empowered to make over the Goods, subject to all the conditions agreed upon with the Company, on payment of the Bills; and with whom they shall be authorized to transact generally all business relating to such Goods. The Consignor shall be at liberty to make provision, in case of the Party upon whom the Bill is drawn, (being also the Agent) having failed to accept the Bill, for the substitution of another Agent.

7th.—After the arrival of the Goods in England and when they shall have been placed in such deposit as may have been agreed upon, the Agent may be put into possession of them before the Bills become due, upon the amount of such Bills (less discount) being paid, together with the Freight and any other charges and expenses which the Company have paid or may be subject to on account of the Goods.

8th.—The rate of Discount to be allowed by the Company shall be the same as that charged by the Bank of England; and in cases where interest shall have accrued, such interest shall be computed at the rate or rates percent, at which the Company have allowed Discount during the period for which such interest is chargeable.

9th.—Parties or their Agents will be required to insure the Goods from fire, and deposit the Policies with the East India Company; such Insurances to take effect from the date of the termination of the Sea risk. Should however the Parties or their Agents fail to effect such Insurances, the East India Company shall be at liberty to insure the Goods, the expense of which shall be reimbursed to them previously to their making over the Goods to those Parties or their Agents.

10th.—Parties receiving Advances, to address in each instance a Letter in quadruplicate to the Court of Directors, according to a form which will be furnished by the Officers of Government (or authorized Agents of the East India Company); signifying their assent to all the foregoing conditions, but more particularly for the purpose of expressly authorizing the sale of the Goods by the Company (without either notice to or concurrence of any person whomsoever) at any period after default shall be made either in acceptance or payments of the Bills; also authorizing, in such cases, the re-paying to the Company the Advances made, either principal or interest, together with any other charges or expenses which the Company may have incurred in respect of the Goods, and appointing the Agent in England for each transaction.

Extract of a Despatch from the Hon'ble the Court of Directors in the Financial Department, dated the 17th August, No. 19 of 1838.

5.—In future we desire that you will restrict your Advances to the great staple Articles of Indian Produce, Cotton, Silk, Sugar, Coffee, Indigo, Salt Peter and Piece Goods—and further that no Advance be made upon any Consignment the ascertained value of which shall be less than 5,000 Rupees.

6.—Several Packages of Tobacco upon which you have made Advances have been seized by the Officers of Customs, in consequence of their having been imported in illegal Packages.—Extracts from the Acts 3 and 4, Will 4, Cap. 52, Sec. 58, and 6th and 7th Will. 4, Cap. 60, Sec. 4, relating to the Article of Tobacco, are transmitted in the Packet.

OVERLAND LETTERS AND POSTAGE.

IT is hereby notified for general information—

First.—That all Letters and Newspapers, except Soldiers' and Sailors' Letters, intended for transmission by the Overland Mail, and except those specially marked "via Falmouth," will be sent through France, and thus be subject to the heavier rate of postage.

Second.—Letters and Newspapers addressed to France, as well as those to other foreign countries, with which France is the channel of communication (if the latter are expressly directed to be so sent) will be made up in Packets and sent to the French Post Master at Marseilles; but Letters for Foreign Countries, other than France, if not specially directed to France, will be included in the Packets for England. Letters, &c., for places lying between Bombay and Marseilles, will be despatched in separate Packets.

Third.—Letters for the United Kingdom of Great Britain, weighing less than a quarter of an ounce, and passing through France, are charged single postage, which by that route amounts to 2s. 8d. It being understood that Public Officers, in ignorance of the existence and nature of the Orphan Press Contract with Government, occasionally employ other Presses to the prejudice of the Orphan Institution, the General Management deem it expedient to publish, for general information, the following extract of a Letter from Mr. Secretary Prinsep, shewing that the Orphan Press has the exclusive privilege of Printing for Government.
